EXECUTIVE SUMMARY

اَلْسَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللهِ وَبَرَكَاتُهُ

Alhamdulillah, 2024 was an exciting year for our charity as we expanded our efforts into Tanzania, East Africa, launching several impactful projects. Despite challenges like inflation and the rising cost of living, we were able to carry out these initiatives thanks to the generous support of our donors.

In 2024, we made a significant impact by building 25 Masjids, including 11 in Tanzania, and constructing 60 houses, with 2 in Tanzania. We also established 452 water wells, 2 of which are in Tanzania, providing clean water to those in need. Beyond infrastructure, we empowered communities by distributing 70 rickshaws, 100 sewing machines, 230 wheelchairs—100 of them in Tanzania—and 20 push-carts. Additionally, we remained committed to education and healthcare, ensuring long-term support for vulnerable communities. Our work continues to transform lives, bringing hope, dignity, and stability to those who need it most.

The people of Bangladesh and Tanzania are in desperate need of your help and support. May Allah bless all our donors and supporters, and grant us the strength to continue helping the poor and needy in Bangladesh and East Africa, and enable us to expand our work to more countries.

Wishing you a blessed and spiritually uplifting Ramadan 2025. May this holy month bring you peace, mercy, and countless blessings. Please keep us in your duas.

PROJECT EXPENDITURE 2024

In 2024 we spent over £0.5m in Bangladesh and Tanzania across all our different projects, reinforcing our commitment to impactful development.

HOUSING PROJECT

A permanent home is more than just a shelter - it is a transformative gift that restores dignity, provides security, and fosters a true sense of belonging for families in need. It serves as a foundation for breaking the cycle of poverty, instilling hope, and empowering individuals to envision a brighter future. With the stability of a safe and secure home, families can shift their focus from mere survival to growth and progress, unlocking new opportunities and building a pathway to a more prosperous and fulfilling life.

MASJID PROJECT

Building a Masjid is one of our most significant and costly projects, as it is designed to accommodate around 100-120 worshippers. In impoverished areas, constructing a permanent Masjid is often an immense challenge due to the high costs involved. Therefore, those who are financially able should seize this incredible opportunity to earn immense rewards by contributing, either individually or collectively, to provide a lasting place of worship for those in need.

The Prophet ﷺ said:

"Whoever builds a mosque for Allah, Allah will build for him a house in Paradise."
(Sahih al-Bukhari 450, Sahih Muslim 533)

WATER PROJECT

Water is not just a necessity; it is one of the greatest gifts we can give, for it is the very essence of life. In countries like Bangladesh and Tanzania, countless vulnerable communities still face the daily struggle for access to clean water - an undeniable human right that should never be out of reach. By ensuring access to clean water, we do far more than quench thirst - we save lives, prevent disease, and create the foundation for healthier, more prosperous communities. Access to clean water is not just about survival; it is about giving communities the chance to flourish, unlocking their potential, and empowering them to build a better future.

The Prophet Muhammad (ﷺ) said: "The best charity is giving water to drink." (Ahmad)
This noble act of providing clean water is a continuous source of reward (Sadaqah Jariyah) that benefits both the giver and the receiver for generations to come.

FAMILY EMPOWERMENT

Many families lack the basic tools and equipment needed to earn a livelihood, as they cannot afford to buy or lease them. Providing them with essential resources like a rickshaw, sewing machine, or two-wheeled cart is not just an act of charity—it is an act of empowerment. These tools enable individuals to work, generate income, and provide for their families with dignity and independence. This life-changing support helps break the cycle of poverty, fostering long-term self-sufficiency and a brighter future.

RAMADAN & FAMILY FOODPACK

Supporting poor and needy families during the month of Ramadan with a food pack is a noble and rewarding act. Many struggling families face immense hardship during this sacred month due to reduced work opportunities, extreme heat, and the challenges of fasting while lacking proper nourishment. By providing food packs, we ease their burden, allowing them to observe Ramadan with dignity and devotion.

The Prophet Muhammad (ﷺ) said:
"Whoever gives iftar to a fasting person will have a reward like his, without detracting
from the reward of the fasting person in the slightest." (Tirmidhi)

HEALTH CARE & WHEELCHAIR

Alhamdulillah, there were no major natural disasters in Bangladesh in 2024. However, the support for those affected by previous disasters is often an ongoing process, as many are starting over with nothing. For individuals with disabilities, a wheelchair can make a life-changing difference, giving them the ability to move around with dignity and independence. Although the cost of a wheelchair may seem minimal to some, it remains out of reach for many poor families. By providing wheelchairs, we empower disabled individuals to navigate their lives more easily, restoring their mobility and enhancing their quality of life. This simple yet impactful gesture can bring immense relief and hope to those who need it most.

EAST AFRICA

TANZANIA

Alhamdulillah, in 2024, we have made significant progress in East Africa, with a strong focus on Tanzania—a country where the need for essential support is profound. With your generosity, we have built 11 Masjids, provided 2 deep water wells, constructed 2 homes, distributed over 180 food packs, and delivered 100 wheelchairs to those in desperate need. These efforts have not only provided clean water, shelter, food, and mobility but have also restored dignity, hope, and stability to struggling communities.

Tanzania remains one of the regions where our work is most crucial. Many communities continue to face hardships due to poverty, lack of infrastructure, and limited access to basic necessities. Our mission in Tanzania is far from over, and with your continued support, we can expand our impact, uplift even more families, and create lasting, meaningful change.

EDUCATION PROJECT

Education is one of the most powerful tools for breaking the cycle of poverty and transforming lives. In many poor countries, access to quality education remains a distant dream for millions of children, depriving them of opportunities for a brighter future. Without education, entire generations are left vulnerable to hardship, unemployment, and exploitation, trapping them in a cycle of poverty that is difficult to escape. Education is a fundamental human right, and ensuring that every child has access to it is not just an investment in their future but in the future of humanity. With proper education, we can break the chains of poverty, uplift communities, and create a world where every child has the opportunity to thrive.

QURBANI & AKIKAH

Qurbani, Akikah, Cow, and Goat Sadaqah provide poor families with a rare opportunity to enjoy meat, which many cannot afford. These acts of charity offer nourishment and bring joy to those in need, especially during religious occasions like Eid. Additionally, they foster community unity, allowing people to come together to celebrate and share in the blessings of the religious festivities.

This collective experience strengthens bonds and spreads happiness across the community.
